Re: *Progeny LMS, LLC Petition for Rulemaking to Amend Part 90 of the Commission's Rules Governing Location and Monitoring Service To Provide Greater Flexibility, RM-10403.*

Oral ExParte Presentation

Dear Ms. Dortch:

On Friday, June 30, 2002, Janice Obuchowski (President) and John Alden (Vice President) of Freedom Technologies, Inc., met with Bryan Tramont, Senior Legal Adviser to Commissioner Kathleen Abernathy, to discuss several issues related to the above-captioned rulemaking petition. The matters discussed at the meeting including the views expressed in the comments and replies filed in the proceeding, including the greater flexibility being sought by Location and Monitoring Service (LMS) licensees in the 902-928 MHz band. Progeny has sought the elimination or modification of rules that:

- (1) Prevent the aggregation of existing multilateration LMS sub-bands;
- (2) Restrict real-time interconnection with the public switched telephone network (PSTN);
- (3) Restrict the types of communications or services that LMS operators may provide; and
- (4) Require field-testing of LMS devices and establish a "safe-harbor" presumption of noninterference to LMS operations by unlicensed wireless devices.

The meeting also included a discussion of changes in the markets for LMS services and Part 15 wireless networking devices, as well as the potential for industry cooperation and coordination to preclude harmful interference in the band.
